INTRODUCING

EVERYTHING DiSC® MANAGEMENT

Everything DiSC® Management teaches managers how to bring out the best in each employee.

Everything DiSC Management is classroom training that uses **online pre-work, engaging facilitation** with **contemporary video**, and **online follow-up** to create a personalized learning experience.

Using DiSC®, a powerful yet intuitive learning model, participants recognize and understand the styles of the people they manage. The result is managers who adapt their styles to **manage more effectively**.

EVERYTHING DiSC MANAGEMENT FOCUSES ON:

Introduction to Your Management Style

Participants discover how their DiSC styles affect their management styles and priorities and learn how to identify the DiSC styles of the people they manage.

Directing and Delegating

Participants learn their strengths and challenges when directing and delegating. And they learn how to adjust their styles to meet the needs of the people they manage.

Motivation

Participants discover how their DiSC styles affect the motivation of others. And they learn to adapt to increase others' motivation.

Developing Others

Participants learn about their natural styles of developing others. They also discover the development preferences for each DiSC style and how to accommodate each style.

Working with Your Manager

Participants learn to modify their approach to meet the needs and preferences of their bosses. They increase their ability to influence and communicate effectively with their managers.

EXCITING FOLLOW-UP TOOLS

Everything DiSC Comparison Reports are follow-up reports that can be created for any two participants to illustrate their similarities and differences. You can even create reports between *Everything DiSC Management* and *Everything DiSC Workplace™* participants. And participants get unlimited access — at no additional charge.
